

COPA National Launches a New Website

Etobicoke, Ontario, Monday, July 10, 2023

COPA National is pleased to announce the launch of our brand-new website!

NationalCOPA.com will function as the main website of COPA National, providing easy access to general information about the organization and allowing visitors to explore our programs and workshops as well as resources such as blog articles and annual reports. In addition, website visitors will be able to access other websites which were previously developed by COPA National with the support of funders, each of which focuses on specific aspects of child abuse prevention.

"COPA National is delighted to present this new website. Its user-friendly layout makes navigating the website simple and clear and will make it easier for teachers, parents and guardians, and all visitors to have streamlined access to the whole of COPA National's resources," says Mona Audet, President, Board of Directors, COPA National.
